1. A reservation means we will guarantee an indoor space for your unit on your expected arrival date.
2. For seasonal winter storage (October through May) contracts, a six month minimum commitment is required and we will accept reservation requests from April 1 thru October 31. As a courtesy to our existing customers, they will be able to reserve for the following season at the end of their existing contract (even if before April 1).
3. We will accept reservations for **annual** contracts anytime with an arrival date not to exceed 3 months from the reservation application date
4. A completed contract is required in addition to this form to include your expected arrival date
5. A **non-refundable** deposit equal to the 1st month payment will be required with the reservation request and will be applied to the remaining contract payment when you arrive.
6. Failure to arrive on your contract start date and/or non-notification of a change to your anticipated arrival date will result in cancellation of your reservation and forfeiture of your deposit.
7. Notification of an arrival date **after** the original reservation date will be honored, but the contract will be executed on the **original** agreed upon arrival date with the original term on the reservation sheet. Notification of an arrival date **before** the original reservation date will be honored and the new arrival date will be the contract start date.
8. Monthly contract extensions can be requested and will be honored if space is available, but will be billed at the **current monthly rate** at the time of the request
